

The mission of Clayton city government is to foster a vital, balanced community composed of outstanding neighborhoods, quality businesses, commercial and government centers, premier educational institutions and a healthy natural environment through an open, accessible and fiscally responsible government.

2013 in Review

During 2013, the city celebrated the 100th anniversary of its incorporation with a year-long calendar of exciting special events

Amid all the centennial excitement, the city still managed to earn awards and recognitions for its outstanding performance. In 2013, the city:

- was awarded the Certificate of Achievement for Excellence in Financial Reporting and the Distinguished Budget Presentation Award for the twenty-sixth consecutive year
- for the third consecutive year, accepted the Certificate of Excellence from the International City/County Management Association (ICMA) Center for Performance Measurement for superior performance management efforts making Clayton one of only 28 jurisdictions receiving this recognition
- was recognized for its Complete Streets Policy and as One of the Top 10 Best in the Nation by the National Complete Streets Coalition based in Washington, DC
- was recognized for its environmental leadership when the United States Green Building Council - Missouri Gateway selected the solar array on the new police station as

one of the two projects presented at the 10th Annual LEED Showcase

- was named a Bronze Level Bicycle Friendly Community by the League of American Bicyclists for promoting the creation of a network that accommodates all bicyclists, pedestrian, transit users and motorists
- accepted the 2013 AccessibleSTL Shine the Light Award in recognition of the city's efforts to promote a fully accessible community for people with disabilities
- was named Tree City USA for the twenty-first consecutive year
- received the Exemplary Intergovernmental Collaboration award from East West Gateway recognizing the city's role in the Fire Mutual Aid System and the development and implementation of emergency operational guidelines for the fifteen cooperating fire departments
- was recognized by the Department of Defense Employer Support of the Guard &

Reserve, which promotes cooperation and understanding between Reserve Component Service members and their civilian employers

- dedicated its new Police and Municipal Court Building – putting public safety first while preserving historic aspects of the Heritage Building in the process
- opened the new dog park in Anderson Park
- permanently installed a 19-foot, bronze and stainless steel sculpture by James Surls in Shaw Park's Century Garden.

The Clayton Century Foundation also received an award in 2013. The St. Louis County Municipal League presented the foundation the "Muni" Award recognizing the impressive initiatives demonstrated during the city's 2013 centennial year celebration.

Since its incorporation in 1913, Clayton has experienced a steady and prosperous growth. With such a formidable history, the city looks forward with confidence to retaining its exceptional quality of life and premier status in the region.

- Jan 29 **Century Foundation**
Heritage Building - 7 p.m.

This list contains all regularly scheduled public meetings of the City of Clayton. Meetings may be added, canceled or rescheduled, in accordance with the Open Meetings Act, as the need arises.

From the Mayor's Desk

2013 was a busy and amazing year as we celebrated the city's 100th anniversary with an exciting year-long calendar of events. We hope you had an opportunity to participate as the events unfolded and join in as the community came together for this once in a century celebration. Many, many thanks to all who worked so hard to ensure our centennial year would be a great success – and it was.

After celebrating the past, we must now focus on the future. Have you ever thought about the size of your car's rear view mirror and how it compares to the size of the windshield? The view through the windshield represents the vastness of what lies ahead. As 2013 fades in our rear view mirror, we have 2014 and the future appearing before us. I thought you might want to see some of what your Board of Aldermen and I are seeing through our windshield, and a glance at what to look for as we start our second 100 years.

- A greatly improved bottom line for the 2014 fiscal year budget with a balanced budget anticipated for 2015

- A revitalized Central Avenue business corridor making it more attractive to those who live, work, shop and do business in the area. Look for economic development efforts in all parts of the city as vacant spaces fill up and new development projects are approved.

- Improvements to neighborhood infrastructures including the repaving of most arterial and neighborhood streets

- Enhancements to our parks and public spaces through a continued joint public-private relationship between the city and the Clayton Century Foundation

- An increase in residential developments in the downtown area that will mirror national and local demand for urban living. The success of our existing downtown residences, along with national trends, validate our goal of getting more people to live in the downtown business district to support our great restaurants and retail businesses. Encouraging more residential development is a priority of the Downtown Master Plan and of your Mayor and Board of Aldermen.

- The introduction of a new smart phone app that will help guide visitors through our city and provide retailers another way to promote their businesses.

- The debut of new events in 2014 - We hope you will enjoy the relocated and revitalized Farmers Market next spring; the new Shakespeare Street Festival in the fall; the addition of family events throughout the city; the enhancement of traditional events and the retirement of others.

- The opening of the Enterprise Pavilion in Shaw Park in the spring, and improvements to playgrounds in other parks.

Our 101st year promises to be a busy one. We hope that YOU will be a part of it.

Did you know . . . about Clayton's Crime Phone and E-Alert Notification Systems
The **Crime Phone** provides a **recorded phone message** about a specific crime or current series of crimes to *registered members in a targeted geographic area*. The **E-Alert** sends an **email message** about a specific crime or current series of crimes to *registered members throughout the city*. Both systems are used in case of emergencies such as long time power outage or to inform residents of cooling or heating stations. I encourage you sign up to receive one or both of these notification systems. For additional information and to register, go to www.claytonmo.gov/communityservice

Alderman
Mark Winings

Alderman
Alex Berger III

Last year, a group of citizens, elected officials and staff worked to develop a long range strategic plan for the City. One of the priorities identified in the plan is “economic development and vibrant downtown”.

A few months ago a group of community volunteers, business owners and the Aldermen from Ward 3 began developing the strategies and specific actions to initiate change. One of the initiatives the group is working on is the development of a Downtown Clayton Mobile Application (an “app”).

The app will provide valuable exposure to Clayton’s dining, shopping and entertainment establishments. It will facilitate communication with our businesses, encourage local shopping, and boost economic development. Every merchant will have a complimentary listing in the app which will include contact information, hours of operation, store description, and social media links. Besides much needed exposure, the app will provide a free marketing tool for Clayton merchants. Because business locations will be indicated on the directory map and business names will appear on the list view, users can find a business quickly and easily. City of Clayton maps, event calendars, and social media integration will also be available. The City will also be able to use the app to push notifications about important news items.

Mobile communication and interface, using smart phones, tablets and computers, link individuals with information that will help to meet their needs and support their decisions. This increased connection translates into increased visibility and business.

The City of Clayton is committed to supporting our business community. The feedback and reaction of our City’s restaurant and retail community has been very positive.

The free app is available for download at the Apple iTunes Store and Google Play Store.

2014 Municipal Election

On Tuesday, April 8, 2014, the City of Clayton will hold a municipal election for the office of Alderman-Ward 1, Alderman-Ward 2 and Alderman-Ward 3, each for a three-year term.

Persons interested in running for the office of Alderman are required to file a Declaration of Candidacy form which can be obtained from the City Clerk’s office at Clayton City Hall, 10 N. Bemiston Avenue. The filing period will begin at 8 a.m. on Tuesday, December 17, 2013 and end on Tuesday, January 21, 2014 at 5 p.m.

Candidates must be at least 25 years of age, a registered voter and have lived in Clayton for at least two years prior to the election date.

For more information, contact Clayton City Clerk June Frazier at 314.290.8469.

The City Asks Residents, “How Are We Doing?”

The city conducts citizen satisfaction surveys to establish an accurate read on the needs of the community and to determine how those needs are changing. The survey results also help city staff establish priorities and match budget allocations to resources.

To ensure that services continue to live up to community expectations, the city is again conducting a survey; the 2014 survey process began in November. With the assistance of the ETC Institute of Olathe, Kansas, surveys were mailed to 1,800 randomly selected Clayton households. Residents receiving the surveys were asked to evaluate services provided by the city. Of the 1,800 surveys mailed, a minimum of 400 responses must be returned for the survey to be statistically valid.

“Residents of Clayton clearly understand that the City values their input, because gathering the number of responses for statistical validity has never been a problem,” said ETC’s Karen Falk.

In the past, the city has received outstanding marks from the citizens’ responses to the survey questions. This not only signifies the community’s satisfaction with municipal services, Clayton ranks far above cities locally and nationally that submit their survey results to the International City/County Management Association (ICMA) Center for Performance Measurement for comparison with their peers.

Responses are being collected and data compiled. When the process is completed, the results will be analyzed and a final report presented to the Board of Aldermen early this spring.

Ward III Alderman Alex Berger III, Ward II Alderman Michelle Harris, Trailnet's Marielle Brown, Mayor Harold J. Sanger, Trailnet's Jennifer Allen and Cindy Mense, Ward I Aldermen Andrea Maddox-Dallas and Joanne Boulton and Ward III Alderman Mark Winings

Clayton was named a Bronze Level Bicycle Friendly Community (BFC) by The League of American Bicyclists. In October, representatives from Trailnet presented the award to Mayor Sanger and Board of Aldermen. The award recognizes the city for embracing the environmental, financial and quality of life benefits of bicycling. It recognizes Clayton's commitment to improving conditions for bicycling through investment in promotion, education programs, infrastructure and pro-bicycling policies.

Through its Complete Streets policy, named one of the top 10 new Complete Streets policies in the United States, Clayton promotes the creation of a network that accommodates all users including bicyclists, pedestrians, transit users and motorists. Clayton is a leader in the field, and the Missouri Bicycle and Pedestrian Federation urges communities across Missouri to follow Clayton's example.

In November, Clayton's Mayor Harold Sanger accepted a 2013 AccessibleSTL Shine the Light Award from Paraquad on behalf of the city and its efforts to promote a fully accessible community for people with disabilities.

"With over 45,000 people working, visiting and shopping in Clayton every day, the city is dedicated to assuring that everyone has access without restrictions," said Mayor Sanger.

Clayton's sidewalks and intersections are some of the most accessible in the United State according to Paraquad. In addition to textured curb ramps and crosswalks, the city installed audible crossing signals for people with visual impairments.

The city also requires first responders to undergo regular training to provide

Bi-State Development Agency President & CEO John Nations and Clayton Mayor Harold J. Sanger

dignified service to people with disabilities, and the city's ADA coordinator ensures that residents with disabilities have full access to recreational programs.

Paraquad honored the City of Clayton with a 2013 AccessibleSTL Shine the Light Award for serving as a model city for accessibility.

Local Government Achievement Award

Clayton Fire Chief Mark Thorp accepts the award on behalf of the fifteen participating departments

The Central Core Fire Chiefs Working Group received an award from East West Gateway for Exemplary Intergovernmental Collaboration in November. Spearheaded by Clayton's Fire Chief Mark Thorp, the group was honored for cooperative efforts between local government jurisdictions or agencies for developing and implementing standardized emergency operational guidelines (SOGs) for the fifteen cooperating fire departments.

Fire departments routinely rely on each other for assistance at fires and other emergencies. Prior to this effort, however, each department had different operating practices.

With this universal set of SOGs, the departments now perform vital actions as if they are one department. The mutual aid system results in positive changes that are improving service to the communities and safety for firefighters.

Cindy Lerick - 2015 IFEA World Board Chair

Last fall, the Executive Director of the Saint Louis Art Fair Cindy Lerick was appointed 2014 Chair Elect, 2015 Chair of the IFEA World Board of Directors. The IFEA (International Festivals and Events Association) World Board of Directors is an elected, non-compensated body of industry professionals responsible for overseeing the successful operations of the IFEA. In addition to approving policy and direction, Board members serve as an active and involved industry leadership advisory source to the President & CEO.

Other Chairmen of the IFEA Board included directors of the Rotterdam Festivals, SunFest of Palm Beach County, Pasadena Tournament of Roses, Fiesta Bowl, Portland Rose Festival, Kentucky Derby Festival and Fiesta San Antonio.

"This is an outstanding accomplishment and speaks to Cindy's leadership in the industry," said Mayor Harold Sanger. "We are proud of her and the manner in which she represents Cultural Festivals and the Saint Louis Art Fair on a national and international level. Congratulations, Cindy, well deserved!"

Cindy Lerick

Clayton's Remarkable Crime Statistics

The crime statistic website, CityRating.com, targets individuals who are researching places to live. The site uses the National and Local Crime rates reported in 2010. After verifying that the correct data is used for Clayton statistics, Police Chief Tom Byrne found that Violent Crime in Clayton is 79.84% below national average and property crime is 37.88% below average. Missouri statistics show that Clayton's violent crime rate is 82.12% below the state average and property crime is 45.39% below.

Clayton's Police Department is dedicated to keeping Clayton safe. With crime statistics like these, Clayton business and residential citizens can rest assured that they are in one of the safest places to live and work.

Redistricting

The process of drawing electoral district boundaries by arranging a jurisdiction's census blocks into equally-populated, compact and contiguous districts

Clayton's City Charter requires ward boundaries to be reviewed following the release of each decennial census. The process is assigned to a Boundary Commission consisting of one registered voter from each of the city's three wards. The commission is responsible for drawing new ward boundaries based on the 2010 census data. In August 2013, the Board of Aldermen appointed Jeanne Most from Ward I, Chuck Farris from Ward II and Sandy MacLean from Ward III to serve on the commission.

The commission met several times in October to discuss the redistricting process and possible changes in ward boundaries. Using the required redistricting criteria, it was determined that the current wards deviate too much in terms of population, and upon review of several different redistricting

scenarios, the commission recommended changing the boundaries between Ward 2 (the least populated) and Ward 3 (the most populated) in order to have more equally populated wards.

The proposed recommendation was presented to the Board of Aldermen at a public hearing in December; the Aldermen may adopt, reject, or modify the recommendations of the commission. The Board's decision, whether or not to adopt the recommended redistricting scenario, will appear in the April issue of CityViews. If the option is adopted, the new ward boundaries will go into effect with the next local election in 2014.

For more details about the redistricting process, go to www.claytonmo.gov/redistricting

*Louis Clayton
City of Clayton Planner*

The City Needs Your Input

The City of Clayton needs your feedback on a series of proposals to keep the city strong. These proposals include implementing a long-range plan for the city roadways, continuing economic development efforts to increase downtown Clayton's vibrancy and maintaining quality emergency services.

The proposals are based on the goals and vision set forth in the community-created C-The Future Strategic Plan and Clayton's Downtown Plan. They are also part of the effort to eliminate the structural deficit in the city's operating budget.

Visit www.claytonmo.gov to learn the details of the proposals, dates of upcoming events where you can learn more, and provide City leadership with your thoughts about the proposal. You can also contact City Manager Craig Owens at cowens@claytonmo.gov for more information.

Commitment to Safety

Demonstrating its ongoing commitment to the safety of the Clayton community, the Clayton Fire Department participated in two disaster preparedness programs during fall 2013.

The department made special arrangements with the University of Missouri Fire Rescue Training Institute to

conduct a Trench Rescue Technician Certification program here in Clayton. Classes were held in the Gay Field Maintenance Facility. The Clayton School District allowed the department to use an area by the maintenance facility for the trench. Clayton's Public Works Department provided the backhoe to dig the trench. The training is part of the department's on-going specialty training program based on its Strategic Plan and Threat & Risk Assessment and is one of eight certifications required for its Hazards & Vulnerability Assessment.

Members of the department also participated in the 2013 Operational Readiness Exercise in Columbia, Missouri. The disaster exercise simulated an earthquake with collapsed buildings, hundreds of injuries and over sixty fatalities.

"Participation in these exercises has improved the ability of our department to respond to disasters," said Fire Chief Mark Thorp. "They help us maintain the high level of service we provide to the residents of Clayton."

Wydown Boulevard Resurfacing Project

As part of the City's pavement maintenance program, Wydown Boulevard will be resurfaced this summer. Planning for this project began in February 2011, when the City applied for and received a \$3M Federal grant through the East-West Gateway Council of Governments. It is anticipated that project will be advertised for bids in January and work will begin in the spring, as soon as weather permits. The first phase of the project will consist of the replacement of defective curbs and gutters, replacement of non-ADA-compliant curb ramps, and installation of new crosswalks. These crosswalks will consist of precast concrete "bricks" on a concrete base, and will be more permanent and maintenance-free than the existing textured crosswalks. The crosswalks located at Audubon and at Dartford were built using this new technique, and will remain in place. Upon completion of the first phase, approximately two inches of asphalt will be removed from the roadway. The concrete base will be replaced on an as-needed basis prior to installing two inches of new asphalt. There will be lane shifts at times to facilitate this work, but full road closures are not anticipated. For more information on this and other projects, please visit www.claytonmo.gov/projects.

Business Highlight

Smith Moore

Smith Moore's Director of Sales Kevin Whitehead, Chief Operating Officer Donna Frederick, and Chairman of the Board Tim Schulte, Clayton's Mayor Harold Sanger

As one of the oldest investment firms established west of the Mississippi River, Smith Moore has a proud history of helping clients plan their financial futures. Since its inception in 1913, Smith Moore has maintained its dedication to client service and prudent

advice. Smith Moore was founded by Jay Herndon Smith and Charles W. Moore who were intent on creating a firm that put the interests of its clients first. Smith Moore celebrated its 100 year anniversary in August 2013.

"Smith Moore is a true stand out in the financial services industry," said Board Chairman Tim Schulte. "We have maintained our integrity in an industry where many firms have abandoned this principle. We are Smith Moore, and we are just getting started . . ."

The philosophy to have a strong capital base and conservative investing principle has served Smith Moore, its clients and its employees well, as it enabled them to survive the Great Depression, two world wars and the Great Recession. Smith Moore has prepared well for the future, and still relies on the same core principles that launched the firm on its path to 100 years of prosperity.

Clayton Early Childhood Center

Executive Director Gina Siebe, Board Secretary Natalie Cox, Mayor Harold J. Sanger, Board President Cason Coplin

Last fall, Clayton's Mayor Harold Sanger joined Clayton Early Childhood Center's Board President Cason Coplin, Board Secretary Natalie Cox and Executive Director Gina Siebe in a ribbon cutting ceremony.

The event debuted the Center's new classroom and indoor play space. The updates were funded by the Center's capital campaign project, a trivia night and private donors.

Clayton Early Childhood Center at One Oak Knoll Park offers year-round care and education for children ages six weeks to five years and is located in Oak Knoll Park.

Parks & Recreation Update

Upgrades at The Center of Clayton

To make a workout at The Center the best experience possible, improvements to the fitness center are underway. Members were surveyed, and equipment changes are being made according to member preferences. Member usage and evaluations of product demonstrations were also

considered when replacement items were selected. Over the next few months, older cardio equipment will be replaced with new top-of-the-line items including several treadmills, ellipticals and four Arc Trainers.

To further improve the quality of the fitness center, cable TV will be connected directly to The Center, which will produce a stronger signal, better reception and clear signals to all TVs in The Center.

The Center facilities are available for active family fun all winter. Members are encouraged to take advantage of the two strength training areas, the competition pool for lap swimming, the climbing wall, the leisure pool complete with water slide and the four gymnasiums available for sports activities. For more information, call 314.290.8500 or go online at www.centerofclayton.com.

The Final Centennial Celebration Event

The final tribute to the city's centennial celebration is planned for this spring, when a time capsule is buried in Hanley Park. The capsule will be filled with items that commemorate the centennial year, such as the new Clayton history book, various centennial giveaways, the *What will Clayton be like in 100 years?* essay contest winners' predictions and items with historical significance such as grade school and high school yearbooks, current photos of neighborhoods, menus from Clayton restaurants, and examples of our current technology.

It will be interesting to see how accurate the predictions submitted during the essay competition (i.e., hovercrafts, brain to brain communication) will be, when the capsule is opened in 2063.

Christmas Tree Pickup

Christmas trees will be collected at no charge throughout the month of January. The tree must be free of all decorations including, tinsel, garland, ornaments and lights. After January, the tree must be cut into pieces shorter than four feet (4') in length, and bundled or containerized for pickup as a regular yard waste pickup. If you have any questions, please contact Republic Services (fka Allied Waste) at 636.947.5959.

Farmers Indoor Market & Bazaar

January 4, February 1 and 15, March 1 and 15
8:30 a.m. to 12:30 p.m.
The Center of Clayton, 50 Gay Avenue

The same high quality products you enjoyed all summer will be available - farm fresh products, winter and greenhouse varieties, locally grown, hand-crafted artisan foods, selected goods for hearth and home. For more information visit, www.claytonfarmersmarket.com or call 314.913.6632

Firehouse Movie Night

January 25 – Wreck It Ralph
February 22 - Brave
March 29 – Monsters University
6 - 8 p.m.
Clayton Fire Station at Bemiston and Forsyth

Come early to see the fire trucks and meet the firefighters. Doors open at 5:30 p.m. You are welcome to bring refreshments (no alcohol allowed). Soda will be for sale, and free popcorn while supplies last. Please note that seating is on the concrete engine room floor, so bring heavy blankets to sit on. Lawn chairs will be allowed but limited. Children must be accompanied by a parent or guardian. The event is free, but please register at The Center or call 314.290.8500.

Cupid's Ball

Monday, February 10
6:30 - 8:30 p.m.
Ritz-Carlton

Girls (3 - 11), invite your favorite guy (dad, uncle, grandfather) to join us at the beautiful Ritz-

Carlton for a very enchanting evening. Activities include a buffet dinner, followed by dancing, a commemorative photo opportunity and a special gift for the girls. This is a sell-out event, so be sure to register early at The Center or call 314.290.8500.

Electronic Recycling Event

March 21 and 22
Friday 1 - 5 p.m.
Saturday 10 a.m. - 2 p.m.
Shaw Park

On March 21 and 22, Clayton's Public Works Department and Republic Services will co-sponsor the annual electronic recycling event on the south side of Shaw Park. Businesses and residents may dispose of computers, printers, phones, pagers, fax machines, small appliances, copy machines, and metal items. If it plugs into a wall or runs off of a battery - we will accept it. Due to environmental management costs, a fee of \$15-\$20 will be charged for TV and CRT monitors. Republic Services guarantees secure Department of Defense removal of all data on reusable computers. Republic Services also guarantees that all non-reusable items be recycled appropriately, and that they will not be put into the land fill. Please no smoke detectors, glass lamps, light bulbs, or fluorescent bulbs.

Since 2005, over 190 tons of electronic equipment have been recycled through the electronic recycling program at the City of Clayton event alone. For more details please visit www.claytonmo.gov/e-recycling.

Bunny Hop

April 12
10 - 11:30 a.m.
Shaw Park

Kids (1 to 8), join us for a morning of fun in Shaw Park. You'll enjoy a petting zoo, an egg hunt (promptly at 10:30) and fun crafts. Mr. Bunny will be our special guest, so parents, don't forget your cameras. Register at The Center or call 314.290.8500.

Clayton Community Theatre

www.placeseveryone.org

Goodnight Desdemona

(Good Morning Juliet)
January 24 - February 2

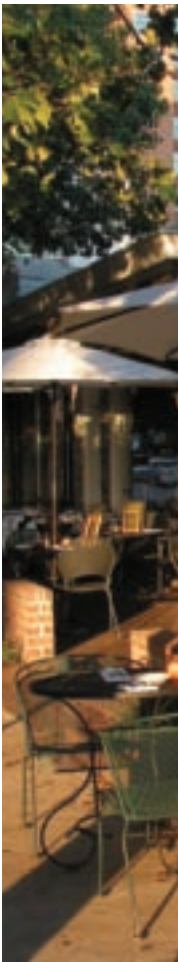

Constance Ledbelly – a Shakespearean scholar working on a theory that both Romeo and Juliet and Othello were intended to be comedies – finds herself transported into the worlds of the plays, where not only the endings, but the very characters themselves are nothing like she could possibly have imagined.

Performances are held at the Washington University South Campus (former CBC High School) at 6501 Clayton Road. For ticket information, call 314.721.9228 or email tickets@placeseveryone.org. Buy tickets on-line at brownpapertickets.com
