CLAYTON POLICE DEPARTMENT

2020 ANNUAL REPORT

ANNUAL REPORT 2020

I am pleased to present the 2020 Annual Report for the Clayton Police Department. As it was for much of the United States, 2020 was a challenging year for the City of Clayton and the Police Department. COVID-19 caused significant disruptions in our operational and administrative functions. Many of our protocols were changed to keep the officers and the public safe. We opened a second, temporary station at Wydown Middle School last spring to reduce the potential impact of an infection on a squad of officers. The entire staff was conscientious in following the safety protocols, which resulted in very few infections among our staff.

The nationwide unrest and the discussions on police reform following the death of George Floyd presented another set of challenges for the Police Department. Throughout much of the summer, our officers responded to protests in Clayton and other parts of the region. Our officers are well-trained and experienced at managing demonstrations. They displayed exceptional professionalism during this time, as they did during the numerous protests in 2014 and 2017.

Many of the discussions of police reform focused on banning chokeholds and implementing de-escalation training and policies requiring officers to intervene when they observe excessive force by fellow officers. For over two decades, our polices have included a duty to intervene and a ban on chokeholds. We have been utilizing de-escalation tactics in our Use of Force training for the past several years. In August, our officers started utilizing body worn cameras after many months of planning. The body worn cameras add a new level of credibility and transparency to the outstanding work of our officers.

During the pandemic, calls for service decreased by 21%, but crime increased, albeit slightly. The Clayton crime rate in 2020 was the third lowest in the past 10 years (2019 was the second lowest). Thefts of property from unlocked vehicles and vehicles stolen with the key inside continue to make up a significant portion of the crime rate, while burglaries and robberies remain low. Our clearance rate tops the national average once again, which is a testament to the diligence of our officers and detectives and the quality of their investigations.

As I type this introduction, a vast majority of our officers have been vaccinated from COVID-19. This gives us optimism that many of the training and community engagement events suspended during the pandemic will return in 2021. We look forward to the day when we can have safe and normal interactions with the public again and continue the strong police-community relationship Clayton has experienced for many years.

Sincerely,

Mark J. Smith Chief of Police

Clayton Police Department

Chief of Police Mark Smith 314-290-8401

Police Department 10 S. Brentwood Blvd. Clayton, MO 63105

MISSION STATEMENT

The mission of the Clayton Police Department is to serve and protect the Clayton Community with PRIDE: Professionalism, Respect, Innovation, Dedication, and Excellence.

DEPARTMENT HISTORY

Law enforcement services were provided by a Marshal during the City's early years, but in 1920, the Marshal system was changed to a Police Department. Beginning with one full-time officer, the department has mirrored the City's growth and now consists of fifty commissioned officers and eight civilian employees.

Long recognized as a leader among municipal police agencies in St. Louis County, the Clayton Police Department has consistently endeavored to ensure the quality of its personnel and has historically fielded one of the best-educated, highly trained and most respected police forces in the metropolitan region. In keeping with its tradition as a leader, in the year 2000, the Department was among the first law enforcement agencies in the State of Missouri to successfully achieve accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA).

ORGANIZATION

The Police Department is divided into two major bureaus, one of which is commanded by a Captain and the other by two Lieutenants. The Field Operations Bureau consists of a Captain, two patrol Lieutenants and four patrol Sergeants each leading a squad of seven officers. The Field Operations Bureau is responsible for patrol duties, responding to calls-for-service, traffic and parking enforcement, and community relations and crime prevention programs. The Investigations & Support Bureau is divided into the Criminal Investigations Division and the Strategic Planning & Support Division. The Criminal Investigations Division is led by a Lieutenant with a Sergeant overseeing five general assignment detectives, two school resource officers, one academy instructor, and one officer assigned the DEA Drug Task Force. The Strategic Planning & Support Division is led by a Lieutenant, who is also responsible for CALEA and this department's planning component, and an Administrative Supervisor overseeing a Data Analyst and two Clerks. The Investigation & Support Bureau is responsible for follow-up investigations, juvenile matters, communications, records, personnel and training, purchasing, special unit detachments, and general administration.

Chief Mark Smith

Chief of Police

Chief Mark Smith is a 22-year member of the Clayton Police Department. He was appointed as the Chief of Police in April of 2020. During his career, he has served as a patrolman, detective, patrol sergeant, platoon commander, and commander of the Criminal Investigations Division and Support Bureau. He was a member of the Mobile Response Team and the Greater St. Louis Major Case Squad. Chief Smith has earned both his Bachelor's Degree and Master's Degree from Lindenwood University in St. Charles, MO. He is also a graduate of the F.B.I. National Academy, 260th Session.

Clayton Police Department Goals for 2021

- **GOAL #1:** Reduce crime and enhance public safety in the City of Clayton.
- **GOAL #2:** Strengthen our workforce through effective training, new equipment, and support of their general well-being.
- **GOAL #3:** Expand our community policing strategies through engagement on patrol and planned events and programs.
- **GOAL #4:** Increase pedestrian safety through education and enforcement.
- **GOAL** #5: Continue to update critical policies to align with modern policing best practices.

Mission

The mission of the Clayton Police Department is to protect and serve the Clayton community with PRIDE: Professionalism, Respect, Innovation, Dedication and Excellence.

Description

The Police Department is divided into two bureaus: The Field Operations Bureau, which is responsible for patrol, traffic, calls-for-service, crime scene processing and community relations/crime prevention; and the Investigations and Support Bureau, which is responsible for follow-up investigations, juvenile matters, accreditation, communications, personnel and training, special unit detachments (School Resource Officer, Drug Enforcement Administration Task Force, Training Academy Instructor), purchasing and administration.

Goal

Ensure the public's safety and respond effectively and efficiently to all emergencies throughout the community.

Annual Internal Affairs Review: 2020

A review of the Internal Affairs Incident Log revealed there were four complaints lodged for department review. The 2020 total of four complaints is the second lowest in the last eight years: 2013 (13), 2014 (9), 2015 (6), 2016 (4), 2017 (2), 2018 (4), and 2019 (4). All the employees cited for investigation were sworn personnel.

To understand our review process, it is useful to know there are four possible outcomes for any investigation. Complaints are categorized using one of the four following terms, each of which is explained by the accompanying definition. It is possible for an incident to have more than one fact determination, depending on the type of allegations and the number of involved officers.

Unfounded: meaning that it did not take place as reported.

Exonerated: meaning that it can be determined by independent investigative means that the officer acted properly.

Not Sustained: meaning there is no way to conclusively determine whether the officer acted properly or improperly.

Sustained: meaning that the officer has acted improperly as alleged in the original complaint.

The following is a breakdown of the fact determination in each of the investigations:

| Unfounded | 1 |
|---------------|---|
| Exonerated | 1 |
| Not Sustained | 0 |
| Sustained | 2 |

Three complaints were lodged against Field Operations Bureau personnel and one complaint was lodged against a member of the Criminal Investigations Division. Officers in the Field Operations Bureau are the first responders who have the most citizen contact. Field Operations also comprises the largest number of employees. Under these circumstances, the low number of complaints this year reflects positively on how our officers interact with the public.

Regarding the contacts by patrol officers/detectives, data analysis shows that officers responded to 16,132 calls for service and detectives investigated 345 cases during the 2020 calendar year. That translates to one citizen complaint for every 4,119 calls/investigations.

Of the four officers identified in the 2020 complaints, none of the officers received a complaint in 2018 or 2019.

Annual Use of Force Review: 2020

During the calendar year 2020 there were nine reported Use of Force incidents, this is three more than reported in 2019. Six of the incidents involved the use of Soft/Hard Empty Hand Control. Two of the incidents involved the Taser and one incident involved using the Pepper Ball Saturation. Eight of the incidents involved Field Operations Bureau personnel and one involved a detective from the Criminal Investigations Division. In reviewing each incident, the Use of Force Committee judged the actions of the participating officers to be in compliance with department policy and appropriate under the circumstances in all the incidents.

March 19, 2020:

Soft Empty Hand Control Technique – Pressure Points

Intoxicated suspect spitting on patrons of a business. Suspect kicked at, spit at and grabbed officers during the arrest. A pressure point compliance technique was used at the scene and again at the police department when the suspect again began to kick and spit at officers. It should be noted that the Suspect lied to officers about currently being quarantined for Covid-19 virus exposure. No injuries to suspect or officers were reported.

May 4, 2020:

Hard Empty Hand Control Technique

Intoxicated suspect causing a disturbance at a business. Suspect was found in a vehicle on the parking lot attempting to put keys in the ignition. During contact, the suspect refused to unlock the vehicle and exit, continuing to attempt to put keys in the ignition. Officers gave the suspect numerous commands for approximately 30 minutes to gain compliance with negative results. Ultimately a vehicle window was broken out and the suspect was removed from the vehicle and placed onto the ground for arrest. No injuries to suspect or officers were reported.

May 31, 2020:

Pepper Ball Area Saturation

Officers responded to a protest that turned into a riot. Rioters were attempting to break into businesses and succeeded in breaking the windows of one business. Rioters also attempted to start a fire in that business and large commercial grade fireworks were launched at officers. Pepper Ball Area Saturation Technique was deployed to disperse the rioters, not striking any individuals. No injuries to suspects or officers were reported.

May 31, 2020

Hard Empty Hand Control Technique – Straight Arm Bar Takedown

Officers responded to a protest that turned into a riot. Rioters were attempting to break into businesses and succeeded in breaking the windows of one business. Rioters also attempted to start a fire in that business and large commercial grade fireworks were launched at officers. One suspect, who was ordered to disperse multiple times, refused to comply and when placed under arrest resisted by trying to pull away from officers and a straight arm bar takedown was used to gain control of the suspect. No injuries to suspect or officers were reported.

July 15, 2020: Hard Empty Hand Control Technique

While assisting in a Burglary and Assault on Police Officers call where suspect fled the scene on foot, one suspect was seen running, refused to stop when ordered by officers, and was pushed to the ground during a foot pursuit in order to effect the arrest. This suspect was carrying a fanny pack which contained loose ammunition. No firearm was located. It should also be noted that the other suspects attempted to run over an officer when fleeing. No injuries to the suspect or officers were reported.

November 8, 2020: Taser/Hard Empty Hand Control Technique

Shoplifting suspect resisted arrest with one officer who took the suspect to the ground to take the suspect into custody. As the resisting continued, a second officer arrived and deployed his taser, gaining control of the suspect who was then handcuffed. The suspect was transported to the hospital due to ingestion of illegal narcotics prior to arrest. No injuries to suspect or officers were reported.

November 18, 2020: Hard Empty Hand Control Technique

Officers responded to a domestic disturbance involving intoxicated persons. The complainant stated that the suspect was throwing/breaking things, refusing to leave and acting belligerent. During contact, the suspect tried to push by officers to get to the complainant, refused to comply and grabbed an officer by the wrist. The suspect was taken to the ground and taken into custody. The suspect stated he suffered a minor injury, but later admitted he had lied, and there were no injuries to officers.

December 5, 2020: Hard Empty Hand Control Technique

Officer responded to a check the welfare call where the suspect was thought to have ingested illegal narcotics. It should be noted that alcohol, white powders, and drug paraphernalia were observed on scene and the suspect stated she snorted crushed Adderall. During the contact, the suspect struck the officer on the arm and pushed the officer, at which time a leg sweep was used to gain control of the suspect, who was ultimately handcuffed and taken into custody. No injuries to suspect or officers were reported.

December 14, 2020: Taser/Hard Empty Hand Control Technique

Responding to a call for a reckless/erratic driver, officers contacted the suspect who appeared to be under the influence of illegal narcotics. During the contact, the suspect tried to tamper with the suspected drugs by ingesting some of them, resisted arrest, and attempted to grab items on the officer's gun belt. During the struggle, a taser was deployed, twice striking the suspect, with no effect. Two officers were able to use Empty Hand Control Techniques to subdue the suspect until other officers arrived, and the suspect was taken into custody. The suspect was transported to the hospital by medical personnel and while at the hospital stated that he smoked PCP just prior to contact with the police. Two officers sustained injuries.

Summary

Paying attention to national/state/local issues involving police reforms, the Clayton Police Department is continually seeking ways to improve the organization. Due to this, in 2020, the Clayton Police Department revised our Use of Force Policy and made some important changes. Addressed were topics such as Choke

Holds, Vascular Neck Restraints, Duty to Intervene and De-Escalation. Also, Use of Force Reports are now entered into our Guardian Tracking Computer Program which aid in the tracking of those type of reports for involved officers. The low number of incidents can be attributed to ongoing in-service training in defensive tactics and de-escalation techniques. Of note should be the low number of Use of Force incidents even though our in-service defensive tactics training program was severely impacted by Covid-19. Despite the training restrictions, our department still had low numbers which were all justified. The Clayton Police Department will be instituting a stand-alone de-escalation class which will be started in 2021. In the past, de-escalation was only integrated into our scenario-based training which was also impacted by Covid-19 this year. All these improvements will have a continued significant impact in keeping the Clayton Police Department a well-respected agency by the community and peer organization.

Accreditation Manager Activity Summary: 2020

CALEA ACCREDITATION

Maintained and updated the full range of 464 files containing CALEA standards. This included the preparation and distribution of monthly memorandums to department command personnel regarding time-sensitive activities.

Drafted/updated 25 department general order to implement policy or procedural changes.

Attended quarterly meetings of the Missouri Law Enforcement Accreditation Coalition (MOLEAC).

Planned, prepared, and coordinated our 2020 CALEA Files Review.

PLANNING/OTHER ACTIVITIES

Updated information re: CALEA for the City of Clayton website.

Updated and maintained the General Orders.

EMERGENCY OPERATIONS ACTIVITIES

Obtained materials from the Department of Homeland Security for Emergency Preparation.
